Butterfly Life Story

Butterfly Lifecycle Stages

Butterfly Story Activity

Use the butterfly life stages to tell a story!

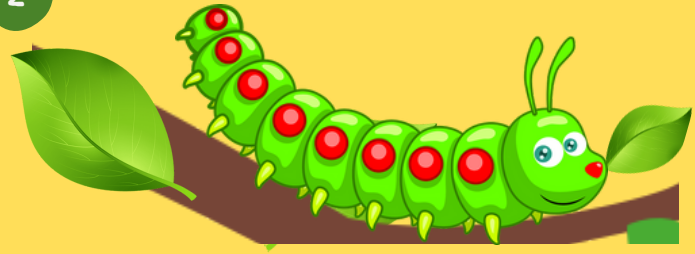

1

Stage: Eggs

What is happening: Eggs hatch into caterpillars(larva)

2

Stage: Caterpillar(larva)

What is happening: Caterpillar feeds on leaves

3

Stage: Chrysalis (Pupa)

What is happening: Caterpillar hangs upside down and sheds outer skin to transform into pupa.

4

Stage: Butterfly

What is happening: The butterfly emerges from the chrysalis after 2 weeks.

A Lifecycle Storyboard

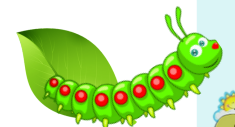

Draw the lifecycle of any animal to create a story!
